**TELEPHONE INTERVIEW SUMMARY**

10 This Telephone Interview Summary is being submitted in response to the telephone interview conducted in the subject Patent Application on November 10, 2009 between Supervisory Patent Examiner McAllister, Examiner Savani, and Applicants' undersigned attorney.

15 Applicants' undersigned attorney sincerely thanks Supervisory Patent Examiner McAllister and Examiner Savani for their comments and courtesies extended during the telephone interview.

20 The rejection of the July 30, 2009 non-final Office Action and the October 29, 2009 Amendment were discussed. The Applicants pointed out how the amended claims distinguished the Patent Application over the cited references. Supervisory Patent Examiner McAllister and Examiner Savani indicated that the amended claims as submitted likely overcame the rejections of record, but an updated search may be conducted. Applicants also noted additional structural features of the pan that could help to distinguish

new additional references. The preamble of Claims 1-6 was discussed as something Applicants could consider adjusting as needed for clarity. No agreement of allowable subject matter was reached.

### CONCLUSION

5           For at least the above submitted in the prior Amendment, Applicants urge that all claims presented are in condition for allowance. Applicants respectfully request a notice of allowance in this case based on the claims as presented in this Amendment. Should any question arise or item remain outstanding, please contact Applicants' undersigned attorney.
